

## **Terms & Conditions for Flexible Membership**

### **Description**

This is a points based membership scheme allowing people who join this scheme to use their points to play as and when they are able. It confers golfing rights only on the flexible member and points cannot be used for any other purpose. It is intended for people who want to get into golf in a club environment and for people who for whatever reason, cannot commit to regular golf but who want to attain or retain a CONGU handicap.

Under the scheme £1 = 1 point

The membership covers a twelve month period from the joining date and there is no carry over of points into a subsequent period. This scheme is limited to ten (10) people in any twelve month period on a first come first served basis. There will be no wait list.

A second term of membership may be applied for at whatever is the current rate but will be limited to two (2) consecutive periods after which membership of the scheme will end as the scheme is intended to lead to full membership of the club.

The scheme may be withdrawn at any time as determined by the Management Committee, in which case the value of any unexpired points will be refunded. If the scheme has to be ended for reasons outside of the club's control, any refunds will be purely at the club's discretion.

Members of the scheme will be entitled to receive a bar card and corresponding discounts and will have an EPOS account. Points from the scheme cannot be used to make deposits into this account or used for bar purchases.
